## PRESIDENT'S CORNER

Here we are at the end of another season at Paradise Valley Campground. Most of us will be heading for warmer climates, or our homes in Georgia. Again, I would like to remind every lot owner to winterize your units and turn the water off to each unit.

I have enjoyed working with this year's board and all our committees this year. I think that we have accomplished much this year to improve our park and increase the value of the properties in Paradise Valley.

The Board of Directors has three bids out for the renovation of the Pavilion. When these bids are back to the board, we will be letting all owners know the estimated cost. Then, we will be asking for a vote from the lot owners on whether or not to allow the board to continue with the renovation. We don't have sufficient funds, at this time, to start the project this year.

I wish everybody a safe trip to your winter destination, and a safe and healthy winter.

Sincerely,  
Tom Grice

**FOR YOUR INFORMATION**

White County is celebrating 150 years and here is more history about the county that we live in.

The White County jail was built in 1858. The notorious horse thief, Sunny Nash, was known to have been jailed there. Old jail records indicate that he escaped after the sheriff had gone home for the evening!

The original structure was condemned in 1897, and work began on the building which stands today. The brick jail was completed in 1901 while Sheriff William Jackson was in office. The first floor was designed to house the jailer and his family. Horse thieves, hooligans, and lawbreakers, up to thirty at a time, were housed on the second floor. Some prisoners carved their names on the walls, which goes down in history as proof that they were there.

In 1964, the new courthouse and jail, which are in use today, were completed. The old jailhouse, with its intriguing history, was renovated by the Chamber of Commerce and Development Authority. This is where the Chamber of Commerce is located.

**RECIPE FOR THE MONTH**

**Chocolate Peanut Squares**

1 cup of butter, divided  
6 squares (1 ounce each) semisweet chocolate, divided  
1 ½ cups graham cracker crumbs  
½ cup unsalted dry roasted peanuts, chopped  
2 packages (8 ounces each) cream cheese, softened  
1 cup sugar  
1 teaspoon vanilla extract

(continued on next page)

1. In a small bowl, melt  $\frac{3}{4}$  cup butter and two squares of chocolate in the microwave; stir until smooth. Stir in cracker crumbs and peanuts.

2. Press into a greased 13x9 in. pan. Cover and refrigerate for 30 minutes or until set.

3. In a small mixing bowl, beat the cream cheese, sugar and vanilla until fluffy. Spread over chocolate layer. Melt the remaining butter and chocolate; stir until smooth. Carefully spread over cream cheese layer. Cover and refrigerate until set. Cut into squares. Yield: 2 dozen. Enjoy!

### LITTLE TID BITS

Use vertical strokes when washing windows outside and horizontal for inside windows, this way you can tell which side has the streaks. Don't wash windows on a sunny day. They will dry too quickly and will probably streak.

Wrap celery in aluminum foil when putting in the refrigerator and it will keep for weeks.

Spray your Tupperware containers with nonstick cooking spray before pouring in tomato based sauces and there won't be any stains.

Don't throw out all that leftover wine: Freeze into ice cubes for future use in casseroles and sauces. (Left over wine? What's that?!)

To get rid of itch from mosquito bites, apply soap on the area and you will experience instant relief.

### ANSWERS TO TRIVIA QUESTIONS

1. Cleveland was once called Mt. Yonah.
2. The river on the East is the Chatahoochee and on the West is the Chestatee.

### THOUGHTS FOR THE MONTH WHAT IS LOVE?

Mary Ann – age 4 – “I know that my sister loves me because she gives me all her old clothes and has to go out and buy new ones.”

Terri – age 4 – “Love is when my mommy makes coffee for my daddy and she takes a sip before giving it to him, to make sure the taste is OK.”

Noelle – age 7 – “Love is like a little old woman and a little old man who are still friends even after they know each other so well.”

Bobby – age 7 – “If you want to learn to love better, you should start with a friend who you hate.”

---

\* The thing that goes the farthest toward making life worthwhile, that costs the least, and does the most is just a FRIENDLY SMILE.

On that note, the editors, would like to say:

This is the last issue of the Pipeline for this season. Our goal was to keep you informed of all the activities that took place at PVC while you were here. Also, to thank all the PVC'ers, who helped in so many ways, to keep our campground running smoothly, looking beautiful, and for having a wide variety of activities for all to enjoy.

PVC is a wonderful place to come to and it is the people who give of their time and talent that have made it this way. For those of you who are traveling home, we wish you a safe journey. May we meet again in 2008 in good health and in good spirits! Have a great winter!
